Summer 2009

Individual Intensive Reading Intervention Program:

Once your child's specific reading and spelling needs have been identified through our assessment process, an individual plan tailored to those needs is designed. The individual program may include strategies to improve phonemic awareness, phonics, spelling, reading fluency, reading accuracy, reading comprehension and writing.

What is the Intensive Reading Program?

We are pleased to be Tampa Bay's primary resource for an intensive, one-to-one instructional reading program for the last 11 years. Our program incorporates the acclaimed LindaMood-Bell© reading strategies and a variety of research-based techniques used to improve all aspects of reading and spelling. Furthermore, this effective intervention is taught by our highly-skilled Reading Clinicians who receive training and support throughout the entire school year. This program has been used successfully for more than 30 years to teach reading to children who have not succeeded with traditional instructional approaches.

Who does it Benefit?

This program is designed to improve the reading and spelling skills of:

- △ Students who have never grasped initial reading skills
- △ Older students who exhibit significant reading difficulties, despite years of instruction
- △ Students with a diagnosis of dyslexia

How does it Work?

The program differs from traditional approaches by integrating the senses of hearing, seeing and feeling to promote reading development. Children receive four hours of individual instruction each day, five days a week, for a minimum of five weeks. Detailed lesson plans are written every week and a log of every session is recorded. You may also observe your child's sessions at any time.

When is it Offered?

Hours: Monday – Friday,
8:30am – 12:30pm

Dates: June 15- July 17, 2009

****Most students attend the entire five-week session. However, based on program availability, a two-hour session might be better suited for younger students.**

How much does it Cost?

Five-week program: \$7,200.00

INCLUDES:

- △ 100 sessions at \$70.00 per session and a \$200.00 administrative fee
- △ All post- testing and a final comprehensive progress report
- △ Parent feedback conference
- △ Post program materials for home

Additional \$75.00 fee for pre-testing if needed.

A \$500.00 deposit is due in advance. The remaining balance is due in-full on June 8, 2009 (one week before start).

When & How can I Register?

Registration for the intense summer reading intervention program begins on Monday, March 9, 2009, and must include the \$500.00 deposit. Deposit fees will be returned if your child is not accepted into the program. Acceptance of registration materials does not guarantee enrollment in the program. Students must meet minimum testing qualifications to be considered for the full-time program and space is limited.

Please print out the short registration form and mail it to the following address, along with a \$500.deposit. If current cognitive and achievement testing is available, please submit along with registration. Once your application is received, someone from the Learning Solutions office will call you to discuss program details, additional testing if necessary, etc. If you have questions about the program, or would like to tour the facility before program registration, please contact the admissions office at 813-269-2100 x100 or email linda.fedewa@tampadayschool.com.

Please return the form enclosed on the following page.
