**For Parents, Educators
& Community Professionals**

Tampa Day School is dedicated to providing high quality seminars and workshops to parents, teachers and other professionals. It is our goal to serve as a resource to our local community and to offer opportunities that improve the knowledge and skills of those who are in positions to support the development of school-aged children. As consistent with our school's overall mission, we design programs that promote one's ability to better **Understand**, **Honor**, and **Accommodate** a wide range of learners.
